CLEAR AND FORCIBLE.

The Hon. Thos. Wren has written a letter to the Reno Journal, in which he states his reasons for leaving the Republican party and asked some very pointed questions of his former associates that still adhere to the old rotten hulk. He clearly demonstrates that no one who believes in the free coinage of silver can remain in the g. o. p. and retain his self respect. Whenever Mr. Wren writes a letter for publication you can rest assured that it contains facts and logic that are unanswerable.—Silver State.

The Journal comments upon it as follows:

It concisely states what the speakers of the Silver party asserted in the last campaign in Nevada, and what subsequent events have fully corroborated. It clearly proves that the Republican party is committed against the remonetization of silver and that the administration's financial policy is endorsed by the Republican leaders.

Mr. Wren shows that the business depression in Nevada, caused by the demonetization of silver, cannot be remedied by the "water cure." The trouble is too serious for such mild treatment. Farmers are now producing more than they dispose of with profit. They want a market first, then water. The resumption of mining will give them, as of old, a home market, but mining cannot be resumed at the present price of silver.

Mr. Wren's remarks are especially intended for Republicans. He was an acknowledged leader of that party for years and remained with it so long as there was a ray of hope that it would endeavor to right the wrong of 1873. Finally, convinced that McKinley, Reed, Sherman and others, who shape the financial policy of the party, were wedded to the gold idol, and, believing the welfare of the State is of greater importance to its citizens than the success of any party, he severed the ties which held him to the party since its organization and henceforth will use his vote and influence for the success of the party that is pledged to free coinage.

John Leach was buried at Sacramento Tuesday. Leach was one of the oldest telegraphers on the coast and one of the first operators in California to read a sound. He was employed by the old California State Telegraph Company in the '50s. His funeral was attended by delegations from the Postal and Western Union offices.

The fact that John Sherman is against the Bland Seigniorage Bill is a sure indication that the passage of the bill would be beneficial to the white metal.

Daniel Coughlan, who was tried in Chicago for complicity in the assassination of Dr. Cronin, was acquitted yesterday.

The Poisoning Case.

San Francisco, March 8.—R. A. Alderslee, father of the Napa girl, whose mysterious death in the apartments of Dentist Leek here has been puzzling the local authorities since Monday, now states that jewelry and money belonging to his daughter have disappeared. She also has a mortgage on Leek's property, which she held after advancing Leek about a thousand dollars.

The girl's father also says that when she returned home from a former trip to San Francisco she told him she had visited the Fair in Dr. Leek's company, and had afterward eaten supper with him in a downtown restaurant. Afterward, when they had returned to the doctor's office she was suddenly taken very ill. She sent for Dr. Noble, and he with Dr. Bowers, worked over her for two hours.

The doctors say that the girl at that time suffered from an epileptic fit, but her father says she was a perfectly healthy woman. Dr. Leek is still alive and is closely guarded by his doctors.

Lack of Exercise

Is one of the prime causes of headache in the winter. Persons accustomed to the pure air during the pleasant months are subject to this terrible annoyance at this time of the year. A boon is offered in Leek's Headache Capsules, which are guaranteed to cure any kind of a headache no matter what the cause. Headache caused by overindulgence in food or drink late at night, can be prevented by taking one capsule before retiring and one in morning. 25 cts. bot. Ask your druggist for them.
